The Board has developed policies to ensure that an appropriate level of corporate governance is in place to promote integrity and responsible decision making. These policies are reviewed regularly by the Board to ensure they are relevant and meet the needs of stakeholders.

This Statement describes how the Company has addressed the eight corporate governance principles of the ASX Recommendations during the year ended 30 June 2018.

Where the Company's corporate governance practices depart from an ASX Recommendation, the Company discloses the reason for adoption of its own practices on an 'if not, why not' basis. Given the size and stage of development of the Company and the cost of strict compliance with all ASX Recommendations, the Board has adopted a range of modified procedures and practices where it considers appropriate to enable it to meet the principles of good corporate governance.

As at the date of this Statement, set out below, the Company is substantially compliant with the ASX Recommendations.

ASX Principle and Recommendation	Compliance (Yes/No)	Explanation
Principle 1: Lay solid foundations for management and oversight		
Recommendation 1.1 A listed entity should disclose: (a) the respective roles and responsibilities of its board and management; and (b) those matters expressly reserved to the board and those delegated to management.	Yes	Galileo has adopted a Board Charter which discloses the roles and responsibilities of the Board and senior management. Under the Board Charter, the Board is responsible for the overall operation and stewardship of Galileo (and any subsidiaries), including charting the direction, strategies and financial objectives for the Company, monitoring the implementation of those policies, strategies and financial objectives, and monitoring compliance with regulatory requirements and ethical standards. A copy of the Board Charter is available at: http://www.galileomining.com.au/about-us/corporate-governance/
Recommendation 1.2 A listed entity should: (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and (b) provide security holders with all material information relevant to a decision on whether or not to elect or re-elect a director.	Yes	Galileo has conducted background checks of candidates for new Director positions prior to their appointment or nomination for election by Shareholders, including checks as to good character, experience, education, qualifications, criminal history and bankruptcy. As a matter of practice, Galileo will include in its notices of meeting a brief biography and other material information in relation to each Director who stands for election or re-election. The biography will set out (amongst other things) the relevant qualifications and professional experience of the nominated Director for consideration by Shareholders.
Recommendation 1.3 A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.	Yes	Galileo engages or employs its Directors and other senior executives under written agreements setting out key terms and otherwise governing their engagement or employment by the Company. The Managing Director is employed pursuant to a written employment agreement with Galileo. The Technical Director is engaged pursuant to a consultancy agreement and the Non-Executive Chairman is engaged under an engagement letter.
Recommendation 1.4 The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.	Yes	The Company Secretary reports directly, and is accountable, to the Board through the Chairperson in relation to all governance matters. Company Secretary advises and supports the Board members on general governance matters, implements adopted governance procedures, and coordinates circulation of meeting agendas and papers.
Recommendation 1.5 A listed entity should: (a) have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in	Yes	The Company has adopted a Diversity Policy a copy of which can be found on the Company's website: http://www.galileomining.com.au/about-us/corporate-governance/ Diversity includes, but is not limited to, gender, age, ethnicity and cultural background. The Diversity Policy outlines requirements for the Board to develop objectives for achieving diversity, and to annually assess both the objectives and the progress in achieving those objectives. Given the current phase of the Company's life cycle, the Board has determined that it is not practicable to set measurable

To assist in fostering diversity, the Company takes diversity of background into account (in addition to skills and experience in the specified field) when selecting new Directors, senior management and employees.</p> <p>At the date of this Statement women on the Board and in senior management positions was nil and the proportion of women in the Company's overall workforce was 20%.</p>
<p>Recommendation 1.6</p> <p>A listed entity should:</p> <p>(a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and</p> <p>(b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.</p>	<p>Yes</p>	<p>Galileo has adopted a Board Performance Evaluation Policy a copy of which can be found on the Company's website: http://www.galileomining.com.au/about-us/corporate-governance/</p> <p>The Board may undergo periodic formal and informal assessment processes. A formal process of Board review requires each Director to complete a questionnaire relating to the role, composition, procedures, practices and behavior of the Board and its members. Responses to the questionnaires are confidential and provided directly to the Chair. The Board then holds a facilitated discussion during which each Board member has the opportunity to raise any matter, suggestion for improvement or criticism with the Board. The Chair of the Board may also meet individually with each Board member to discuss their performance. Executive directors may also meet to discuss the performance of the Chair. Directors also regularly provide informal feedback to one another regarding individual performance.</p> <p>A informal performance evaluation was carried out during the past year. The Board was satisfied that it fulfilled its role effectively.</p>

<p>Recommendation 1.7</p> <p>A listed entity should:</p> <p>(a) have and disclose a process for periodically evaluating the performance of its senior executives; and</p> <p>(b) disclose in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.</p>	<p>Yes</p>	<p>Galileo has adopted a Board Performance Evaluation Policy a copy of which can be found on the Company's website: http://www.galileomining.com.au/about-us/corporate-governance/</p> <p>The board will oversee the performance evaluation of the executive team. As a matter of practice, candidates for the office of Director are individually assessed by the Chairman and the Managing Director before appointment or nomination to ensure they possess the relevant skills, experience, personal attributes and capability to devote the necessary time and commitment to the role.</p> <p>The Board intends to reconsider the requirement for, and benefits of, a separate nomination committee as the Company's operations grow and evolve.</p>
<p>Recommendation 2.2</p> <p>A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.</p>	<p>No</p>	<p>The Company does not currently have a skills or diversity matrix in relation to the Board members.
