Galileo Mining Ltd (“Galileo” or the “Company”) is committed to high standards of corporate governance whereby the Board of Directors (“Board”) are accountable to stakeholders. The Board is responsible for the overall corporate governance of the Company, and it recognises the need for the highest standards of ethical behaviour and accountability. The Board has developed policies to ensure that an appropriate level of corporate governance is in place to promote integrity and responsible decision making. These policies are reviewed regularly by the Board to ensure they are relevant and meet the needs of stakeholders.

This Corporate Governance Statement (**Statement**) has been prepared on the basis of disclosure under the *Corporate Governance Principles and Recommendations (4<sup>th</sup> Edition)* published by ASX Corporate Governance Council (“ASX Recommendations”). This Statement describes how the Company has addressed the corporate governance principles of the ASX Recommendations during the year ended 30 June 2023.

Where the Company’s corporate governance practices depart from an ASX Recommendation, the Company discloses the reason for adoption of its own practices on an ‘if not, why not’ basis. Given the size and stage of development of the Company and the cost of strict compliance with all ASX Recommendations, the Board has adopted a range of modified procedures and practices where it considers appropriate to enable it to meet the principles of good corporate governance.
